

Job Title: Clinical Skills and Simulation Lab Technician

Salary: £32,000

Band: 3a

Contract Type: Full time, permanent

Working weeks: 52

Working hours: 35 per week

Required: ASAP

Location: Royal College of Surgeons of England, 38-43 Lincoln's Inn Fields, WC2A 3PE

The Royal College of Surgeons of England provides world-class education, assessment and development to 30,000 surgeons, dental professionals and members of the wider surgical and dental care teams, at all stages of their career. Our vision is to see excellent surgical care for everyone. We do this by setting professional standards, facilitating research and championing the best outcomes for patients. Our recently redeveloped headquarters in Lincoln's Inn Fields London provides state of the art education facilities, using evidence-based, technology-enhanced learning for the entire surgical and dental team. The building also includes world-class examination, event spaces and improved member areas – creating a flexible and efficient working environment for the future.

We are seeking to appoint a skilled and enthusiastic Lab Technician to join our postgraduate course delivery team. The post holder will play a vital role in the provision of high-quality learning for surgical trainees using a variety of resources such as animal tissue, synthetic task trainers and medium fidelity manikins. You will be required to look after equipment, set up/set down courses, assist with basic administrative tasks and work closely with our teaching faculty throughout course delivery.

We are looking for a candidate who has:

- A genuine interest in pursuing a career within the clinical skills and simulation sector and commitment to undertaking the necessary CPD to achieve mastery of your role.
- NVQ level 3 or higher, ideally a BSc in a Biomedical Science subject.
- Experience of working in a laboratory environment, healthcare or educational setting and understanding of health and safety in labs. Previous experience in a clinical skills and simulation role would be an advantage but is not essential.
- Excellent interpersonal skills and the ability to deliver a customer focused service.
- Ability to work flexibly, including early mornings, evenings and weekends.
- Excellent organisational skills and methodical approach to work.
- Ability to work independently and as part of a team.
- Working knowledge of Microsoft Office including Outlook, Word, Excel, Teams, with a willingness to embrace other apps within the Office 365 environment (eg Sway, Power Automate, Bookings, Shifts etc).

What we can offer you:

- Opportunity to work with outstanding senior clinicians from a variety of surgical and medical specialties.
- 27 days paid holiday + bank holidays and up to 4 college closure days over the Christmas period.
- Enhanced contributory pension scheme & other leave entitlements.
- Variety of learning and development opportunities including Science Council Accreditation (RSciTech), ASPIH membership and funding to attend ASPIH annual conference.

- Wellbeing programme & Employee Assistance Scheme.
- Season ticket loans
