

## **Terms and Conditions to access the Anatomy and Pathology Museum (APM)**

# **Photography and filming is not permitted in the APM**

**Please be mindful at all times that the specimens on display comprise of real human tissue and ensure you treat them with dignity and respect.**

- We encourage movement of specimens to help your study, but only move specimens when you can safely do so without risk to yourself or the specimen.
- Please do not move very large specimens or specimens labelled as fragile. Ask a staff member if you require assistance.
- In the event of accident or damage to a specimen, avoid handling the specimen and alert a staff member to assist.
- All bags must be left in the lockers provided outside the museum. Please only bring essential equipment into the Museum area.
- Only water is permitted in the museum. Other drinks and food are not permitted in the museum.
